What Can Be Recycled?

#1 and #2 Plastic bottles - empty & rinsed*

Aluminum cans - empty & rinsed*

Office paper, envelopes, catalogs & magazines

Shredded paper - in clear plastic bags

Newspaper

Used printer/ink cartridges
Used candles

Cardboard - flattened

Tin cans - empty & rinsed*

Car batteries

*If it is not rinsed it is considered contaminated and goes straight to the landfill - the opposite of what we're trying to do!

Congratulations!!!
