“Talkin’ Trash”

Did you know that as of May 2018, you, yes you, in our very own community, have made it possible for us to bale, recycle and divert from the landfill over 81 tons of cardboard since May 2015? That

is an average of over 27 tons per year!

Thank you!!

Keep up the good work !!!

Here is the big green recycling dumpster! Please EMPTY AND RINSE OUT ALL RECYCLABLES. THANK YOU! Sorry No Fuel or other Poison Containers. Empty Aluminum / Tin cans. Rinsed out Plastic bottles with the #1 and #2 on the bottles. Pretty much if the bottle says a #1, Yes. If the bottles says a #2, Yes we can take it. Also, newspaper, junk mail and magazines. Where? It is located 2 miles South of Lapwai at the entrance to the Appaloosa Express Bus Barn! This bin is clearly marked for each of the recyclable items listed above. Thank you!

Betcha can't guess...

Guess the weight of baled cardboard on this recycling trailer load and win a prize!

Submit entry by July 4, 2018 at the link below.

Please click the link to enter your guess to win a small prize. The winner will be announced in the July newsletter. <https://www.surveymonkey.com/r/NWGXFQ>
