Celebrating Our 3rd OCC Shipment!

The guys recently loaded and shipped our third freight load of cardboard—45,921 lbs. This load went to McKinley Paper in Port Angeles, WA. Freight costs have increased greatly, but OCC prices are making a comeback also, so we hope to earn some money from this load once the freight is paid. During the last year and a half, we have baled and shipped 125,441 lbs. (62.7 tons) of cardboard! A big thank you to all of you who recycle OCC with us—Tribal offices and departments, local businesses, and community members! This could not happen without you! Nor could it happen without our fine staff who work endlessly collecting, baling, weighing, and loading the cardboard!
